Faculty of Social Work - Fayoum University

First :- Objectives of the study:

* The first main objective of the study is :

Determining Training Needs For Female Social Workers in the field of kindergarten.

And the sub-objectives which stems from it are :

- ١- Determining female social workers cognitive requirements in the field of kindergarten.
- ٢- Determining female social workers Skills requirements in the field of kindergarten.
- ٣- Determining the requirements that related to professional practicing values for female social workers in the field of kindergarten.

The second main objective is:

Attempting to reach a Proposal for a training program that can take part in satisfying social workers practicing requirements in the field of kindergarten.

Secondly: study Questions:

The first question is about :

(what are the female social workers Training requirements in the field of kindergarten?)

Under this question there are sub-questions as:

- ١- what are the female social workers cognitive requirements in the field of kindergarten?
- ٢- what are the female social workers skill requirements in the field of kindergarten?
- ٣- What are the requirements that related to the values of professional practicing for female social workers in the field of kindergarten.

Thirdly: study concepts:

- ١- Kindergarten concept.
- ٢- Training requirements concept.

Fourthly: study Methodological procedures:

- ١- **Type of study:** analytic descriptive research.
- ٢- **study Method:** social survey.
- ٣- **study Tools:**
 - a- Questionnaire form about training requirements for female social workers in kindergarten.
 - b- Meeting Guide with experts who are interested in kindergarten field in Fayoum directorate of education.
- ٤- **study fields:**
 - a- Locality Field: all kindergarten schools in Fayoum .
 - b- Human field: all female social workers in kindergarten schools and they are (١٠١) Social Workers .
 - c- Time field: the research was made in the period between (٣-٥-٢٠١٤ to ١٥-١-٢٠١٥)

Fifthly: study results:

The study reached to the existence of training requirements for female social workers who are working in kindergarten field as:

- ١- A high average of Female Social workers Cognitive requirements with (٧٧.٢٠%) .That shows the lack of female social workers cognitive needs in the field of kindergarten.
- ٢- A medium average of Female Social workers skill requirements with (٥٩.١٢%)..That shows the lack of female social workers skill needs in the field of kindergarten.

- ٣- A low average of professional practicing requirements with (٥٣.٣٥%). That indicates that values requirements are the least among all. Because they are well-established since studying and during work.
- ٤- Reaching to a Proposal for female social workers training program in the field of kindergarten.
