Abstract

Acknowledgments

First of all, the most gratitude is to ALLAH for guiding me to accomplish this work.

I do not find words to express my deep appreciation and gratitude to, Professor Dr. Mohamed Mustafa El-assaly, professor of Structures, Faculty of Engineering, Fayoum University for his supervision; continued interest guidance; encouragement and useful suggestions throughout this work.

A lot and special deep thanks from my heart to Dr. Mohamed Abo El-Maaty. Assist. Prof. of Civil engineering Department, Faculty of Engineering, Fayoum University for his guidance; encouragement; continued interest; helpful supervision; great efforts in writing and revising this thesis. I can’t ignore his exert efforts on direct this work to its final form.

Finally, I would like to dedicate this thesis to all members of my family, specially my Mother, my dear husband, my daughter and my brothers.

I
