Remarks on the concepts of the wind applied to the texts of Esna temple

Abstract:

This paper is focusing on particular concepts of the wind applied to the texts of Esna temple. It presents a detailed analysis of some questions regarding to the wind in the ancient Egyptian imagination. When and How the wind exist?, what are the religious functions of the wind according to the various texts?, who are the gods and goddesses connected with the wind in the both temples? Ultimately, why were those deities chosen in particular?.
