The background is a deep purple with a subtle diamond-shaped grid pattern. Overlaid on this are several sets of wavy, concentric lines in shades of orange, pink, and teal. These lines create a sense of motion and depth. In the center, there is a horizontal rectangular box with a gradient from orange to blue. At the bottom, there is a thin, empty rectangular outline.

INTRODUCTION

The Faculty of Medicine, Fayoum University, is working hard out of its belief in its duty to provide a distinguished health service, not only by providing scientific programs and practical services in accordance with the latest international standards, but also to improve the services provided to the community in a manner commensurate with the surrounding circumstances. Achieving the vision and mission of the college and the university by improving the level of services provided to the community in line with the sustainable development plans of the state in light of local, regional and international challenges. In line with this comes the conference of the Faculty of Medicine, Fayoum University, under the title "Health Services in Fayoum Governorate between the Present and the Future.

3RD FAYOUM UNIVERSITY CONFERENCE

08-09
FEBRUARY_2023

**HEALTH CARE IN
FAYOUM GOVERNORATE**
COMMON TRENDS
VERSUS UPDATES

جامعة الفيوم
Fayoum University

CONFERENCE THEMES

THE FIRST AXIS: ACTIVATING THE CONTINUING MEDICAL EDUCATION SYSTEM

- 1- Paying attention to linking graduates to the college on an ongoing basis to improve their scientific level and clinical skills.
- 2- Supporting scientific research and caring for research that addresses some societal health problems.

THE SECOND AXIS: IMPROVING COMMUNITY SERVICE

- 1- Improving the medical services provided and expanding the establishment and equipment of university hospitals.
- 2- Positive interaction with health problems spread in the governorate and dealing with them in a correct scientific manner.
- 3- Changing society's negative perception towards medical service providers.
