

Spiritual and Moral Implications of Worships According to Al-Ghazali: Prayer as a Model

Spiritual and moral implications of worships according to Al-Ghazali are considered one of the most significant spiritual aspects he analyzed. Prayer, according to Al-Ghazaly, implies all meanings of worship that encompass all duties and pillars of Islam. Prayer, with its pillars, also implies honoring man; therefore, it is performed both physically and spiritually, in public and in private, and this achieves the essence of religion through basing truth on the principles of Islamic law. An analytical comparative method was used in this research.
