

Abdel-Ghani Al-Nabulsi's Vision of a Perfect Man

The importance of studying Abdel-Ghani Al-Nabulsi's vision of a perfect man is evident in his analysis of the existential, epistemological and educational functions of this creature. Here lies the existential and epistemological dimension of a perfect man who perceives and discerns the wisdom of the manifestation of God in the entire existence with His names and qualities. An analytical comparative method was used in this research.
