

Hematology and immunology 1

		Lecture	Break	lecture	Lecture	Lecture
	9-11	11-12	12-12:30	12:30-1:30	1:30-2:30	2:30-3:30
Saturday 29-7	Physiology Functions and composition of blood & Plasma proteins online	Microbiology innate immunity, Online		Histology Introduction and RBCS online	Histology WBC Granulocytes Agranulocytes online	
Sunday -7:30	Practical Physiology	Microbiology Arbo viruses, Parvo virus online			Elective	
Monday 31-7	Physiology Red blood corpuscles & Erythropoiesis Online	Physiology Red blood corpuscles & Erythropoiesis Online		histology lymphnode & spleen	Microbiology Cells of immune system Online	
Tuesday 1-8	Practical Histology	practical Physiology		Physiology Platelets and Hemostasis online	Microbiology Rickettsia. Borrelia Online	
Wednesday 2-8	practical Microbiology 1	Microbiology The mechanism of humoral immunity Complement system		histology tonsils & thymus	Elective	
Thursday 3-8
