

Table of (neuroscience 1)

2023 summer course

Week 1

	9:00-11:00 Practical	11:00 - 12:00 Lecture	Online lecture 1:00– 4:00	
Sunday 30-7 (Pharmacology)	Practical pharmacology (1)	Introduction to autonomic	Cholinergic transmission	
Monday 31-7 (Anatomy)	Practical anatomy (1) -Norma frontalis, - Norma verticalis, -Norma occipitalis, -Norma lateralis, Norma basalis externa, -Norma basalis interna -Mandible د. اسراء عبد المجيد	Face and Scalp (Anatomy) د. محمد صوفي	Temporal fossa and infratemporal fossa د. محمد صوفي	Ms of mastications, mandibular nerve د. اسماء وجية
Tuesday 1-8 (Histology)	Practical histology (1)	Nerve endings and neuroglia		
Wednesday 2-8 (Physiology)	Practical physiology (1)	Organization of sensory system	Sensory receptors	

Week 2

	9:00-11:00 Lecture	11:00 -12:00 Lecture	online 1:00– 4:00	
Sunday 6-8 (Pharmacology)	Practical pharmacology (2)	Sympathomimetics	Sympathomimetics	
Monday 7-8 (Anatomy)	Practical anatomy (2) - Orbicularis oculi, Orbicularis oris, Buccinator -Muscles of mastication -Mandibular N (Beginning, branches) د.فاطمه	Cranial cavity د.رمضان	Parotid gland,maxillary artery,maxillary nerve د.ياسمين عويس	Cervical fassia,posterior triangle,sternomastoid ms د.شيماء
Tuesday 8-8 (Histology)	Practical histology (2)		Ganglia and degeneration	
Wednesday 9-8 (Physiology)	Practical physiology (2)	Introduction to autonomic nervous system	Pain sensation & pain control	

Week 3

	9:00-11:00 Lecture	11:00 -12:00 Lecture	online 1:00– 4:00	
Sunday 13-8 (Pharmacology)	Practical pharmacology (3)	α blockers	α blockers	
Monday 14-8 (Anatomy)	Practical anatomy (3) -Parotid gland, Dural folds Sternomastoid, Scalenus ant ms -Subclavian A (Beginning, End, Branches) د.ماریان	Anterior triangle, carotid triangle, carotid vs د.شیماء	Scalene ms, subclavian artery, infrahyoid ms د.رمضان	Submandibular region, tongue, soft palate د.یاسمین
Tuesday 15-8 (Histology)	Practical histology (3)		Nerve endings and neuroglia	
Wednesday 16-8 (Physiology)	Practical physiology (3)	Sympathetic nervous system	Para Sympathetic nervous system	

Week 4

	9:00-11:00 Lecture	11:00 -12:00 Lecture	online 1:00– 4:00	
Sunday 20-8 (Pharmacology)	Practical pharmacology (4)	β blockers	β blockers	
Monday 21-8 (Anatomy)	Practical anatomy (4) - Thyroid gland, infrahyoid ms, carotid Vs (beginning, end, branches) IJV (Beginning, end, tributaries), د.فاطمه -Digastric, Geniohyoid, mylohyoid, stylohyoid, styloglossus -Submandibular gl (parts & ducts) -Tongue (nerve supply) د.اسراء لموم	Lower 4 cranial nerves, cervical part of symp chain, cervical plexus د. رمضان	T.M.J ,styloid apparatus, ms of back of neck, lymphatic draindage of head and neck د.محمد صوفي	Pharyngeal arches د.اسماء وجية
Tuesday				

22-8 (Histology)			
Wednesday 23-8 (Physiology)	Practical physiology (4)	Synaptic transmission	Synaptic potentials
