

Neuro endocrine Module (Group I)

(20/9/2025 -31/10/2025)

	Date	Lecture 9-11	Clinical 11-1
Week (1)	Saturday 20/9/2025	Department: Internal Medicine Topic: Stroke & Cerebrovascular Disease, Cerebellar Disorders internal medicine Dr Hala Eltokhy	Department: Internal Medicine Topic: Neurology clinical: Cerebellar Disorder internal medicine Dr Hala altokhy
	Sunday 21/9/2025	Department: Internal Medicine Topic: Cushing, Sheehan internal medicine ,Dr asmaa ghanem	Department: Internal Medicine Topic: Clinical Endocrine: Cushing Dr reham samir
	Monday 22/9/2025	Department: neurology Topic: Ataxia Neurology Dr Fatma al Zahraa	Department: Internal Medicine Topic: Parathyroid Endocrine internal medicine Dr Reham Samir
	Tuesday 23/9/2025	Department: internal Medicine Topic: SIADH, Diabetes Insipidus Lecturer: Dr ragab ELadly	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr. ragab el adly
	Wednesday 24/9/2025	Department: Internal Medicine Topic: Peripheral nerve Diseases, Multiple Sclerosis Lecturer: Dr. Ahmed Abd Elkawy	Department: neurology Topic: Extra pyramidal Lecturer: Hala Shaheen
	Thursday 25/9/2025	Department: Internal Medicine Topic: acromegaly Lecturer: Dr :Asmaa ghanem	Department: Internal Medicine Topic: clinical case acromegaly

GIT Module (Group I)

(20/9/2025 -26/10/2025)

	Date	Lecture 9-11	Clinical 11-1
Week (2)	Saturday 27/9/2025	Department: Internal Medicine Topic: Approach To Coma, Muscle Diseases internal medicine Lecturer: Dr Hala Eltokhy	Department: internal medicine Topic: neurology clinical case Lecturer: Dr Hala Eltokhy
	Sunday 28/9/2025	Department: Internal Medicine Topic: Hyperparathyroidism, Vitamin D, osteoporosis internal medicine Lecturer: DR: Reham Samir	Department: Internal Medicine Topic: Clinical Endocrine internal medicine Lecturer: Dr: Reham Samir
	Monday 29/9/2025	Department: Neurology Topic: spinal cord diseases Dr Asmaa ahmed .	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir
	Tuesday 30/9/2025	Department: Internal Medicine Topic: Goiter Hypothyroidism Hyperthyroidism internal medicine Lecturer: Dr. Ragab ElAdly	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr. Ragab Eladly
	Wednesday 1/10/2025	Department: Internal Medicine Topic: Abnormal Movement, Gait. Disorders Of Speech internal medicine Lecturer: Dr Ahmed Abdelkawy.	Department: neurology Topic: Epilepsy Neurology Dr Hala Shaheen, Dr Lamiaa Daker
	Thursday 2/10/2025	Department: Internal Medicine Topic: short stature Lecturer: Dr Asmaa ghanem	Department: Internal Medicine Topic: clinical case short stature Lecturer: Dr. ASmaa ghanem

GIT Module (Group I)

(20/9/2025 -26/10/2025)

	Date	Lecture 9-11	Clinical 11-1
Week (3)	Saturday 4/10/2025	Department: Internal Medicine Topic: Disturbed Conscious Level internal medicine Dr Hala Eltokhy	Department: Internal Medicine Topic: Neurology clinical internal medicine Dr Hala altokhy
	Sunday 5/10/2025	Department: Internal Medicine Topic: Glucocorticoid axis, meneralocorticoid axis,dyslipidemia Lecturer: Dr. ASmaa ghanem	Department: internal Medicine Topic: Clinical Endocrine Lecturer: Dr. Reham Samir
	Monday 6/10/2025	Department: Neurology Topic: neuromuscular disease Neurology Dr Asmaa ahmed	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir
	Tuesday 7/10/2025	Department: Internal Medicine Topic: Type2 Diabetes Lecturer: Dr. Ragab ELAdly	Department: Internal medicine Topic: Clinical Endocrine Lecturer: Dr. Ragab ELAdly
	Wednesday 8/10/2025	Department: Internal Medicine Topic: Bulbar Symptoms, Dysphagia & Dysarthria Lecturer: Dr Ahmed Abdelkawi	Department: Neurology Topic: Epilepsy Lecturer: Dr Hala Shaheen,Dr Lamiaa Daker
	Thursday 9/10/2025	Department: Internal Medicine Topic: gynecomastia,hirsutidm Lecturer: Dr: Asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr. Dr: Asmaa ghanem

GIT Module (Group I)

(20/9/2025 -26/10/2025)

	Date	Lecture 9-11	Clinical 11-1
Week (4)	Saturday 11/10/2025	Department: Internal Medicine Topic: CNS Infection,Brain Tumors internal medicine Lecturer: Dr Hala Eltokhy.	Department: Internal Medicine Topic: Neurology clinical Lecturer: Dr Hala Eltokhy.
	Sunday 12/10/2025	Department: Internal Medicine Topic: Type1 Diabetes Lecturer: Dr Reham Samir	Department: internal Medicine Topic: Neurology clinical internal medicine Lecturer: Dr Hala altokhy
	Monday 13/10/2025	Department: Neurology Topic: Multiple sclerosis Lecturer: Dr Asmaa ahmed	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir
	Tuesday 14/10/2025	Department: internal Medicine Topic: Tutorial diabetes Lecturer: Dr. Ragab Eladly	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr. Ragab eladly
	Wednesday 15/10/2025	Department: Internal Medicine Topic: Tutorial: Vit D,osteoprosis internal medicine Dr Ahmed Abdelkawi	Department: Neurology Topic: neurology clinical Lecturer: Dr Hala Shaheen,Dr Lamiaa Daker
	Thursday 16/10/2025	Department: Internal Medicine Topic: Complication of diabetes,,metaboilic synfdrme,PCOs Lecturer: DR:Asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr.Asmaa ghanem

GIT Module (Group I)

(20/9/2025 -26/10/2025)

	Date	Lecture 9-11	Clinical 11-1
Week (5)	Saturday 18/10/2025	Department: Internal Medicine Topic: motor neuron disease ,syringomyelia,neurogenic bladder Lecturer: Dr. hala eltoukhy	Department: Internal Medicine Topic: clinical neurological case Lecturer: Dr. hala eltoukhy
	Sunday 19/10/2025	Department: Internal Medicine Topic: gynecomastia,Hirsutism Lecturer: DR:Asmaa ghanem	Department: internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham samir
	Monday 20/10/2025	Department: neurology Topic: Abnormal Movement,Gait. Disorders Of Speech Lecturer: Dr. asmaa ahmed	Department: Internal Medicine Topic: pituitary disorders Lecturer: Dr. Reham Samir
	Tuesday 21/10/2025	Department: internal medicine Topic: headache and migraine Lecturer: Dr. ragab Eladly	Department: Internal Medicine Topic: clinical neurological case Lecturer: Dr. ragab eladly
	Wednesday 22/10/2025	Department: Internal Medicine Topic: hyperparathyroidism,MEN syndrome Lecturer: Dr. Ahmed Abdelkawi	Department: neurology Topic: neurologyclinical case Lecturer: Dr. Hala Shaheen,DR. Lamiaa daker
	Thursday 23/10/2025	Department: Internal Medicine Topic: delayed puberty Lecturer: Dr asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr. asmaa ghanem

End module Exam Group (I): 26/10/2025

Coordinator
Dr.Reham Samir

Vice Dean of Education & Students
Prof. Dr. Mohamed Salah

Neuroendocrine Module (Group II)

(27/10/2025 -30/11/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (1)	Monday 27/10/2025	Department: neurology Topic: Ataxia Neurology Dr Fatma alzahraa	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir
	Tuesday 28/10/2025	Department: internal Medicine Topic: SIADH,Diabetes Insipidus Lecturer: Dr ragab ELadly	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr. ragab el adly
	Wednesday 29/10/2025	Department: Internal Medicine Topic: Peripheral nerve Diseases,Multiple Sclerosis Lecturer: Dr. Ahmed Abd Elkawy	Department: neurology Topic: Extra pyramidal Lecturer: Hala Shaheen
	Thursday 30/10/2025	Department: Internal Medicine Topic: acromegaly Lecturer: Dr :Asmaa ghanem	Department: Internal Medicine Topic: acromegaly Lecturer: Dr :Asmaa ghanem.
	Saturday 1/10/2025	Department: Internal Medicine Topic: Approach To Coma,Muscle Diseases internal medicine Dr Hala Eltokhy	Department: internal medicine Topic: neurology clinical case Lecturer: Dr Hala Eltokhy
	Sunday 2/11/2026	Department: Internal Medicine Topic: Hyperparathyroidism, Vitamin D, osteoporosis internal medicine DR asmaa ghanem	Department: Internal Medicine Topic: Clinical Endocrine internal medicine Lecturer: Dr: Reham Samir

Neuroendocrine Module (Group II)

(27/10/2025 -30/11/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (2)	Monday 3/11/2026	Department: Neurology Topic: spinal cord diseases Dr Asmaa ahmed	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir
	Tuesday 4/11/2026	Department: Internal Medicine Topic: Goiter Hypothyroidism Hyperthyroidism internal medicine Lecturer: Dr. Ragab ElAdly	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr. Ragab Eladly\
	Wednesday 5/11/2026	Department: Internal Medicine Topic: Abnormal Movement,Gait. Disorders Of Speech internal medicine Lecturer: Dr Ahmed Abdelkawy.	Department: neurology Topic: Epilepsy Neurology Dr Hala Shaheen,Dr Lamiaa Daker
	Thursday 6/11/2026	Department: Internal Medicine Topic: short stature Lecturer: Dr Asmaa ghanem	Department: Internal Medicine Topic: clinical case short stature Lecturer: Dr. ASmaa ghanem
	Saturday 8/11/2026	Department: Internal Medicine Topic: Disturbed Conscious Level internal medicine Dr Hala Eltokhy	Department: Internal Medicine Topic: Neurology clinical internal medicine Dr Hala altokhy

	Sunday 9/11/2026	Department: Internal Medicine Topic: Glucocorticoid axis, meneralocorticoid axis,dyslipidemia Lecturer: Dr. ASmaa ghanem	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir

\neuroendocrine Module (Group II)
(27/10/2025 -30/11/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (3)	Monday 10/11/2026	Department: Neurology Topic: neuromuscular disease Neurology Dr Asmaa ahmed	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr. Reham Samir
	Tuesday 11/11/2026	Department: Internal Medicine Topic: Type2 Diabetes Lecturer: Dr. Ragab ELAdly	Department: Internal medicine Topic: Clinical Endocrine Lecturer: Dr. Ragab ELAdly
	Wednesday 12/11/2026	Department: Internal Medicine Topic: Bulbar Symptoms, Dysphagia & Dysarthria Lecturer: Dr Ahmed Abdelkawi	Department: Neurology Topic: Epilepsy Lecturer: Dr Hala Shaheen,Dr Lamiaa Daker

	Thursday 13/11/2026	Department: Internal Medicine Topic: gynecomastia,hirsutidm Lecturer: Dr: Asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr. Asmaa ghanem
	Saturday 15/11/2026	Department: Internal Medicine Topic: CNS Infection,Brain Tumors internal medicine Lecturer: Dr Hala Eltokhy.	Department: internal Medicine Topic: clinical neurological case Lecturer: Dr. Dr Hala Eltokhy.
	Sunday 16/11/2026	Department: Internal Medicine Topic: Type1 Diabetes Lecturer: Dr Reham Samir	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir

Neuroendocrine Module (Group II)

(27/10/2025 -30/11/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (4)	Monday 17/11/2026	Department: Neurology Topic: Multiple sclerosis Lecturer: Dr Asmaa ahmed	Department: Internal Medicine Topic: pituitary disorders Lecturer: Dr. Reham Samir
	Tuesday 18/11/2026	Department: internal Medicine Topic: Tutorial diabetes Lecturer: Dr. Ragab Eladly	Department: Internal Medicine Topic: clinical neurological case Lecturer: Dr. ragab eladly

	Wednesday 19/11/2026	Department: Internal Medicine Topic: Tutorial: Vit D,osteoprosis internal medicine Dr Ahmed Abdelkawi	Department: neurology Topic: neurologyclinical case Lecturer: Dr. Hala Shaheen,DR. Lamiaa daker
	Thursday 20/11/2026	Department: Internal Medicine Topic: Complication of diabetes,,metaboilic syndrome,PCOs Lecturer: DR:Asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr. asmaa ghanem
	Saturday 22/11/2026	Department: Internal Medicine Topic: motor neuron disease ,syringomyelia,neurogenic bladder Lecturer: Dr. hala eltoukhy	Department: Internal Medicine Topic: clinical neurological case Lecturer: Dr. hala eltoukhy
	Sunday	Department: Internal Medicine Topic: gynecomastia,Hirsutism Lecturer: DR:Asmaa ghanem	Department: internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham samir

Neuroendocrine Module (Group II)

(27/10/2025 -30/11/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (5)	Monday 24/11/2026	Department: neurology Topic: Abnormal Movement,Gait. Disorders Of Speech Lecturer: Dr. asmaa ahmed	Department: Internal Medicine Topic: pituitary disorders Lecturer: Dr. Reham Samir
	Tuesday 25/11/2026	Department: internal medicine Topic: headache and migraine Lecturer: Dr. ragab Eladl	Department: Internal Medicine Topic: clinical neurological case Lecturer: Dr. ragab eladly

	Wednesday 26/11/2026	Department: Internal Medicine Topic: hyperparathyroidism,MEN syndrome Lecturer: Dr. Ahmed Abdelkawi	Department: neurology Topic: neurologyclinical case Lecturer: Dr. Hala Shaheen,DR. Lamiaa daker
	Thursday 27/11/2026	Department: Internal Medicine Topic: delayed puberty Lecturer: Dr asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr. asmaa ghanem

End module Exam Group (II): 30/11/2026

**Coordinator
Dr.Reham Samir**

**Vice Dean of Education & Students
Prof. Dr. Mohamed Salah**

Neuro endocrine Module (Group III) (1/12/2026 -4/1/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (1)	Monday 1/12/2025	Department: neurology Topic: Ataxia Neurology Dr Fatma alzahraa	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir

	Tuesday 2/12/2025	Department: internal Medicine Topic: SIADH,Diabetes Insipidus Lecturer: Dr ragab ELadly	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr. ragab el adly
	Wednesday 3/12/2025	Department: Internal Medicine Topic: Peripheral nerve Diseases,Multiple Sclerosis Lecturer: Dr. Ahmed Abd Elkawy	Department: neurology Topic: Extra pyramidal Lecturer: Hala Shaheen
	Thursday 4/12/2025	Department: Internal Medicine Topic: acromegaly Lecturer: Dr :Asmaa ghanem	Department: Internal Medicine Topic: acromegaly Lecturer: Dr :Asmaa ghanem.
	Saturday 6/12/2025	Department: Internal Medicine Topic: Approach To Coma,Muscle Diseases internal medicine Dr Hala Eltokhy	Department: internal medicine Topic: neurology clinical case Lecturer: Dr Hala Eltokhy
	Sunday 7/12/2026	Department: Internal Medicine Topic: Hyperparathyroidism, Vitamin D, osteoporosis internal medicine DR asmaa ghanem	Department: Internal Medicine Topic: Clinical Endocrine internal medicine Lecturer: Dr: Reham Samir

neuroendocrine Module (Group III)

(1/12/2026 -4/1/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (2)	Monday 8/12/2026	Department: Neurology Topic: spinal cord diseases Dr Asmaa ahmed	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir

	Tuesday 9/12/2026	Department: Internal Medicine Topic: Goiter Hypothyroidism Hyperthyroidism internal medicine Lecturer: Dr. Ragab ELAdly	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr. Ragab Eladly\
	Wednesday 10/12/2026	Department: Internal Medicine Topic: Abnormal Movement,Gait. Disorders Of Speech internal medicine Lecturer: Dr Ahmed Abdelkawy.	Department: neurology Topic: Epilepsy Neurology Dr Hala Shaheen,Dr Lamiaa Daker
	Thursday 11/12/2026	Department: Internal Medicine Topic: short stature Lecturer: Dr Asmaa ghanem	Department: Internal Medicine Topic: clinical case short stature Lecturer: Dr. ASmaa ghanem
	Saturday 13/12/2026	Department: Internal Medicine Topic: Disturbed Conscious Level internal medicine Dr Hala Eltokhy	Department: Internal Medicine Topic: Neurology clinical internal medicine Dr Hala altokhy
	Sunday 14/12/2026	Department: Internal Medicine Topic: Glucocorticoid axis, meneralocorticoid axis,dyslipidemia Lecturer: Dr. ASmaa ghanem	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir

	Date	Lecture 9-11	Clinical 11-1
Week (3)	Monday 15/12/2026	Department: Neurology Topic: neuromuscular disease Neurology Dr Asmaa ahmed	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr. Reham Samir
	Tuesday 16/12/2026	Department: Internal Medicine Topic: Type2 Diabetes Lecturer: Dr. Ragab ELAdly	Department: Internal medicine Topic: Clinical Endocrine Lecturer: Dr. Ragab ELAdly

	Wednesday 17/12/2026	Department: Internal Medicine Topic: Bulbar Symptoms, Dysphagia & Dysarthria Lecturer: Dr Ahmed Abdelkawi	Department: Neurology Topic: Epilepsy Lecturer: Dr Hala Shaheen, Dr Lamiaa Daker
	Thursday 18/12/2026	Department: Internal Medicine Topic: gynecomastia, hirsutism Lecturer: Dr: Asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr. Asmaa ghanem
	Saturday 19/12/2026	Department: Internal Medicine Topic: CNS Infection, Brain Tumors internal medicine Lecturer: Dr Hala Eltokhy.	Department: internal Medicine Topic: clinical neurological case Lecturer: Dr. Dr Hala Eltokhy.
	Sunday 20/12/2026	Department: Internal Medicine Topic: Type1 Diabetes Lecturer: Dr Reham Samir	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir

neuroendocrine Module (Group III)

(1/12/2026 -4/1/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (4)	Monday 21/12/2026	Department: Neurology Topic: Multiple sclerosis Lecturer: Dr Asmaa ahmed	Department: Internal Medicine Topic: pituitary disorders Lecturer: Dr. Reham Samir
	Tuesday 22/12/2026	Department: internal Medicine Topic: Tutorial diabetes Lecturer: Dr. Ragab Eladly	Department: Internal Medicine Topic: clinical neurological case Lecturer: Dr. ragab eladly

	Wednesday 24/12/2026	Department: Internal Medicine Topic: Tutorial: Vit D,osteoprosis internal medicine Dr Ahmed Abdelkawi	Department: neurology Topic: neurologyclinical case Lecturer: Dr. Hala Shaheen,DR. Lamiaa daker
	Thursday 25/12/2026	Department: Internal Medicine Topic: Complication of diabetes,,metaboilic syndrome,PCOs Lecturer: DR:Asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr. asmaa ghanem
	Saturday 27/12/2026	Department: Internal Medicine Topic: motor neuron disease ,syringomyelia,neurogenic bladder Lecturer: Dr. hala eltoukhy	Department: Internal Medicine Topic: clinical neurological case Lecturer: Dr. hala eltoukhy
	Sunday 28-12	Department: Internal Medicine Topic: gynecomastia,Hirsutism Lecturer: DR:Asmaa ghanem	Department: internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham samir

neuroendocrine Module (Group III)

(1/12/2026 -4/1/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (5)	Monday 29/12/2026	Department: neurology Topic: Abnormal Movement,Gait. Disorders Of Speech Lecturer: Dr. asmaa ahmed	Department: Internal Medicine Topic: pituitary disorders Lecturer: Dr. Reham Samir

	Tuesday 30/12/2026	Department: internal medicine Topic: headache and migraine Lecturer: Dr. ragab Eladl	Department: Internal Medicine Topic: clinical neurological case Lecturer: Dr. ragab eladly
	Wednesday 31/12/2026	Department: Internal Medicine Topic: hyperparathyroidism,MEN syndrome Lecturer: Dr. Ahmed Abdelkawi	Department: neurology Topic: neurologyclinical case Lecturer: Dr. Hala Shaheen,DR. Lamiaa daker
	Thursday 1/1/2026	Department: Internal Medicine Topic: delayed puberty Lecturer: Dr asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr. asmaa ghanem

Neuro endocrine Module (Group III)

(1/12/2026 -4/1/2026)

End module Exam Group (III): 4/1/2026

Coordinator
Dr.reham samir

Vice Dean of Education & Students
Prof. Dr. Mohamed Salah

Neuroendocrine

Module (Group IV)

(5/1/2026 -22/2/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (1)	Monday 5/1/2025	Department: neurology Topic: Ataxia Neurology Dr Fatma alzahraa	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir
	Tuesday 6/1/2025	Department: internal Medicine Topic: SIADH,Diabetes Insipidus Lecturer: Dr ragab ELadly	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr. ragab el adly
	Wednesday 7/1/2025	Department: Internal Medicine Topic: Peripheral nerve Diseases,Multiple Sclerosis Lecturer: Dr. Ahmed Abd Elkawy	Department: neurology Topic: Extra pyramidal Lecturer: Hala Shaheen
	Thursday 8/1/2025	Department: Internal Medicine Topic: acromegaly Lecturer: Dr :Asmaa ghanem	Department: Internal Medicine Topic: acromegaly Lecturer: Dr :Asmaa ghanem.
	Saturday 10/1/2025	Department: Internal Medicine Topic: Approach To Coma,Muscle Diseases internal medicine Dr Hala Eltokhy	Department: internal medicine Topic: neurology clinical case Lecturer: Dr Hala Eltokhy
	Sunday 11/1/2026	Department: Internal Medicine Topic: Hyperparathyroidism, Vitamin D, osteoporosis internal medicine DR asmaa ghanem	Department: Internal Medicine Topic: Clinical Endocrine internal medicine Lecturer: Dr: Reham Samir

Neuroendocrine Module (Group IV)

(5/1/2026 -22/2/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (2)	Monday 12/1/2026	Department: Neurology Topic: spinal cord diseases Dr Asmaa ahmed	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir
	Tuesday 13/1/2026	Department: Internal Medicine Topic: Goiter Hypothyroidism Hyperthyroidism internal medicine Lecturer: Dr. Ragab ElAdly	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr. Ragab Eladly\
	Wednesday 14/1/2026	Department: Internal Medicine Topic: Abnormal Movement,Gait. Disorders Of Speech internal medicine Lecturer: Dr Ahmed Abdelkawy.	Department: neurology Topic: Epilepsy Neurology Dr Hala Shaheen,Dr Lamiaa Daker
	Thursday 15/1/2026	Department: Internal Medicine Topic: short stature Lecturer: Dr Asmaa ghanem	Department: Internal Medicine Topic: clinical case short stature Lecturer: Dr. ASmaa ghanem
	Saturday 17/1/2026	Department: Internal Medicine Topic: Disturbed Conscious Level internal medicine Dr Hala Eltokhy	Department: Internal Medicine Topic: Neurology clinical internal medicine Dr Hala altokhy
	Sunday 18/1/2026	Department: Internal Medicine Topic: Glucocorticoid axis, meneralocorticoid axis,dyslipidemia Lecturer: Dr. ASmaa ghanem	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir

Neuroendocrine Module (Group IV)

(5/1/2026 -22/2/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (3)	Monday 19/1/2026	Department: Neurology Topic: neuromuscular disease Neurology Dr Asmaa ahmed	Department: Internal Medicine Topic: Clinical Endocrine Lecturer: Dr: Reham Samir
	Tuesday 20/1/2026	Department: Internal Medicine Topic: Type2 Diabetes Lecturer: Dr. Ragab ELAdly	Department: Internal medicine Topic: Clinical Endocrine Lecturer: Dr. Ragab ELAdly
	Wednesday 21/1/2026	Department: Internal Medicine Topic: Bulbar Symptoms, Dysphagia & Dysarthria Lecturer: Dr Ahmed Abdelkawi	Department: Neurology Topic: Epilepsy Lecturer: Dr Hala Shaheen, Dr Lamiaa Daker
	Thursday 22/1/2026	Department: Internal Medicine Topic: gynecomastia, hirsutism Lecturer: Dr: Asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr. Asmaa ghanem
	Saturday 7/2/2026	Department: Internal Medicine Topic: CNS Infection, Brain Tumors internal medicine Lecturer: Dr Hala Eltokhy.	Department: internal Medicine Topic: clinical neurological case Lecturer: Dr. Dr Hala Eltokhy.

	Sunday 8/2/2026	Department: Internal Medicine Topic: Type1 Diabetes Lecturer: Dr Reham Samir	Department: Internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham Samir

	Date	Lecture 9-11	Clinical 11-1
Week (4)	Monday 9/2/2026	Department: Neurology Topic: Multiple sclerosis Lecturer: Dr Asmaa ahmed	Department: Internal Medicine Topic: pituitary disorders Lecturer: Dr. Reham Samir
	Tuesday 10/2/2026	Department: internal Medicine Topic: Tutorial diabetes Lecturer: Dr. Ragab Eladly	Department: Internal Medicine Topic: clinical neurological case Lecturer: Dr. ragab eladly
	Wednesday 11/2/2026	Department: Internal Medicine Topic: Tutorial: Vit D,osteoprosis internal medicine Dr Ahmed Abdelkawi	Department: neurology Topic: neurologyclinical case Lecturer: Dr. Hala Shaheen,DR. Lamiaa daker
	Thursday 12/2/2026	Department: Internal Medicine Topic: Complication of diabetes,,metaboilic syndrome,PCOs Lecturer: DR:Asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr. asmaa ghanem
	Saturday 14/2/2026	Department: Internal Medicine Topic: motor neuron disease ,syringomyelia,neurogenic bladder Lecturer: Dr. hala eltoukhy	Department: Internal Medicine Topic: clinical neurological case Lecturer: Dr. hala eltoukhy
	Sunday 15-2	Department: Internal Medicine Topic: gynecomastia,Hirsutism Lecturer: DR:Asmaa ghanem	Department: internal Medicine Topic: clinical practical endocrine Lecturer: Dr. Reham samir

(5/1/2026 -22/2/2026)

	Date	Lecture 9-11	Clinical 11-1
Week (5)	Monday 16/2/2026	Department: neurology Topic: Abnormal Movement,Gait. Disorders Of Speech Lecturer: Dr. asmaa ahmed	Department: Internal Medicine Topic: pituitary disorders Lecturer: Dr. Reham Samir
	Tuesday 17/2/2026	Department: internal medicine Topic: headache and migraine Lecturer: Dr. ragab Eladl	Department: Internal Medicine Topic: clinical neurological case Lecturer: Dr. ragab eladly
	Wednesday 18/2/2026	Department: Internal Medicine Topic: hyperparathyroidism,MEN syndrome Lecturer: Dr. Ahmed Abdelkawi	Department: neurology Topic: neurologyclinical case Lecturer: Dr. Hala Shaheen,DR. Lamiaa daker
	Thursday 19/2/2026	Department: Internal Medicine Topic: delayed puberty Lecturer: Dr asmaa ghanem	Department: Internal Medicine Topic: clinical case Lecturer: Dr. asmaa ghanem

neuroendocrine Module (Group IV)

(5/1/2026 -22/2/2026)

End module Exam Group (IV): 22/2/2026

Coordinator
Dr. reham samir
