Account name: Public Service Center for conferences and marketing of scientific research. Account No: 9/450/79749/8 ABOUT HURGHADA Hurghada was founded in the early 20th century, and until a few years ago, remained a small fishing village. But today, it has gone on to become the foremost tourist resort of the Red Sea coast and an international center for aquatic sports. If it stakes place in or on the water you can do it here: windsurfing, salling, deep-sea fishing, swimming, but, above all, sonrkeling and diving. The unique underwater gardens offshore are some of the finest in the world, justifiably famous amongst divers. The warm waters here are ideal for many varieties of rare fish and coral reefs, which may also be observed through glass bottom beats. This area has many fine accommodations, usually offering warm and efficient service. Restaurants are moststy along the main road. While in Hurghada, don't miss the museum and aquarlum, with their complete collections of flora and fauna of the Red Sea.
