

## 11<sup>th</sup> International Conference for Geosciences

23-25/7/1436 (12-14/5/2015)

On the Campus of  
King Saud University-Riyadh

جامعة  
الملك سعود  
King Saud University

### CALL FOR ABSTRACTS

The Saudi Society for Geosciences invites all concerned geoscientists and experts to participate in the activities of the 11<sup>th</sup> international conference for geosciences which will be held in the campus of King Saud University, Riyadh. The main objective of this conference is to advance and enhance the geoscientific knowledge in the geology, geophysics and its relation to the sustainable development. This goal will be achieved and implemented through exchanging ideas and experiences among participants. This conference will include oral presentations and workshops. Details of the conference will be presented in the website below.

### MAIN THEMES

- Geology of the Arabian Nation
- Explorational Development of Petroleum and Natural Gas
- Sustainability and Development of Water Recourses
- Exploration & Exploitation of Minerals
- Stratigraphy & Sedimentology
- Environmental Geology
- Applied Geophysics
- Seismology and Crustal Structures
- Earthquakes, Volcanism and Geohazards
- Geotechnical Engineering
- Remote Sensing and GIS Applications
- Structure and Neotectonics

**Abstracts Deadline:** Feb. 15, 2015

**Acceptance Letters:** March 15, 2015

Abstracts should be submitted via electronic mail in MS word format written on Times New Roman font 12. Abstracts should not exceed 250 words.

**Official Language:** : English

### Inquires & Correspondence:

Saudi Society for Geosciences
