The image is a composite of two screenshots. The top half shows the Fayoum University logo, which consists of a teal circle containing a stylized white emblem. To the left of the circle is a photograph of a large, modern building with a prominent dome and flags flying from its roof. To the right of the logo is the university's name in Arabic and English: "جامعة الفيوم" and "Fayoum University". The bottom half shows the "Create your Google Account" page. It features a "Create account" button, a "Create account with email" link, and a "Create account with phone number" link. Below these are fields for "Name", "Create your password", "Confirm your password", and "Birthday". A red arrow points from the right side of the university logo towards the "Create account" button on the Google page.

Step 1: Profile Step 2: Journals Step 3: Updates

- We'll use a statistical authorship model to identify new articles that you write. We may also update bibliographic information for articles in your profile or identify duplicate article entries, which could be merged or deleted. How would you like to handle these changes?
 - Automatically update the list of articles in my profile (recommended)
 - Don't automatically update my profile. Send me email to review and confirm updates.
- You can also add and remove individual articles, update their bibliographic data, and merge duplicate records. Rest assured, our automatic updates will preserve your edits and will not override them.
- We'll collect and display citations to your articles from all of Google Scholar. The citations will update automatically to reflect changes in your profile and in Google Scholar.
